NUMBER 2460

REPORT ON PORTO RICO

Valuable Information About Conditions There

FILED IN WAR DEPARTMENT

Possible Change From Spanish to American Rule.

AN ADDRESS OF THE CITIZENS

Presented to President McKinley by General Wilson, in Which Signers Express Delight Over Prospects of Becoming Citizens of the States.

Washington, Sept. 24.—Major General Wilson, who recently returned from Porto Rico, called at the war department.

He submitted a very exhaustive report upon the conditions in Porto Rico, the facts and figures of which were prepared by Captain Gardner of his staff. The report deals with the political conditions of the island, and the possibilities of a successful change from Spanish to American rule.

It also deals with the educational, religious and financial conditions of the people, the latter with a special reference to taxation and revenue, and discusses the autonomist government, which the Sagasta ministry established. The report will be valuable in the matter of determining what form of government is best for Porto Rico.

Major General Wilson also called upon President McKinley, accompanied by Captain Gardner, and in addition to the report made by this officer presented an address to the president signed by many of the leading Porto Ricans.

In this address the signers express their pleasure over the prospect of becoming citizens of the United States, and announce their hope that the Porto Rican people may some day become worthy to organize a state of the union. Captain Gardner's report deals with the question of revenue and expenditures, presenting an exposition of the school question, and also elaborates upon the relation of the church to the government. Upon this latter point he states that while a large majority of the Porto Ricans are Catholic by profession, they are not especially zealous as religionists. He places the number of priests at 240, and the annual cost to the public treasury of their support at about \$120,000 in American money.

Only as Individuals.

Washington, Sept. 24.—It is probable that if Agoncillo and Lopez, the two representatives of Aguinaldo who arrived at San Francisco, call at the White house on their way through Washington to Paris they will be admitted to see President McKinley, but only as individuals, and not as representatives of any government. The president doubtless would be glad to hear any views these Filipinos might care to set forth, being fresh from the islands and thoroughly acquainted with the wishes of the insurgents. But it would be plainly impolitic and inconsistent for the president at this date and pending the conclusion of the peace conference at Paris to allow it to be understood, by according a formal reception to the delegates, that he had thereby recognized the Philippine government.

Open For Business at Manila.

Manilla, Sept. 24.—The work of setting the wheels of business in the harbor of Manila in motion was entrusted to Captain Henry Glass of the cruiser Charleston. One of his first duties was that of taking an inventory of all the shipping that fell into Admiral Dewey's hands. This includes everything afloat, either on the bay or river, which means a radius of 40 miles, and its value is about \$1,500,000. Ensign Moffet has been busy with gun cotton and dynamite, blowing up the wrecks that were sunk in the Pasig river and the outer harbor, so that the ships drawing 15 feet of water may now enter and come to the wharves.

Woodford Won't Return to Spain.

Washington, Sept. 24.—General Stewart L. Woodford will not return to Spain as the minister of the United States. It was told that Woodford felt that the hard work at Madrid is now ended; that considerable time will elapse before diplomatic relations are re-established, and that his private interests demand that he shall stay at home to attend to them. The president has not accepted the resignation of General Woodford, but there is no doubt that he will take such action.

Efforts to Promote General Miller.

San Francisco, Sept. 24.—An effort is being made to have Brigadier General Miller, who has been ordered to com-

mand the next expedition to the Philippines, made a major general of volunteers. The officers of the Kansas, Tennessee and Iowa regiments will send telegrams to the congressmen in their respective states urging them to ask President McKinley to promote General Miller.

Will Relieve Fifteenth Regiment.

Washington, Sept. 24.—Orders were issued at the war department for the Twenty-fifth regiment of the regular infantry, which rendered such gallant service in Cuba with the Fifth army corps, to take station in the department of the Colorado. They will relieve the Fifteenth regiment of regular infantry, now distributed in Arizona, Missouri, New Mexico and Colorado, which regiment has been ordered to proceed to Huntville, Ala., with a view to its transfer to Cuba for garrison duty.

Want the Floating Dry Dock.

Washington, Sept. 24.—The naval officials have had their attention drawn to the importance of securing in good condition the fine floating dry dock which was towed to Havana and placed in the harbor there just before the outbreak of hostilities. This dock is large enough for any of our ships, and the naval officers are putting forth efforts to prevent the military commission at Havana from allowing it to get away.

What the Filipinos Want.

Manilla, Sept. 24.—The Filipino National assembly has decided to request the Americans, first, to recognize the independence of the islands; second, to establish a protectorate over their external affairs and to induce the powers to recognize their independence; third, to appoint a joint commission of Americans and Filipinos for the arrangement of details to "reciprocate the Americans' services."

Captured a Spanish Flag.

Washington, Sept. 24.—The president has promoted Corporal John Ashton Boyle of the Twenty-second infantry to the position of second lieutenant in the regular army. Mr. Boyle is a Nebraskaan. He is a grandson of Commodore Boyle, and is credited with capturing the first Spanish flag taken in the late campaign in Cuba.

Special Credit Desired.

Havana, Sept. 24.—The American commissioners, in view of the great number of American citizens in the island who require aid and having no American consuls here to distribute relief, have, according to report, asked the Washington government for a special credit to attend to these urgent requirements.

Peace Commission Across the Pond.

Queenstown, Sept. 24.—The Gunard line steamship Campania, from New York on Sept. 17, with the United States peace commission on board, arrived here after an uneventful voyage, with all well on board, excepting Senator Gray, who has been suffering from neuralgia for two days.

Fresh From Ponce.

New York, Sept. 24.—The United States transport Seneca, from Ponce Sept. 17, has arrived in quarantine. She has on board 170 members of the Illinois signal corps, bound for Washington barracks, and 100 troops and government employes for this city.

Back From Ponce.

New York, Sept. 24.—The transport Seneca from Ponce, Porto Rico, and Santiago, Cuba, arrived at the Pennsylvania railroad pier in Jersey City. She had in all 272 passengers. They include 180 officers and men of the signal corps from Illinois.

Not Entitled to Transportation.

Washington, Sept. 24.—An order has been issued by the war department to different commanding generals, stating that furloughed men are not entitled to transportation to their homes at government expense.

Washington, Sept. 24.—It is expected that the United States forces after the volunteers designated for the purpose are mustered out will consist of about 100,000 volunteers and 61,000 regulars.

Death of a Private.

Lancaster, Pa., Sept. 24.—Private C. E. Fogarty, company C, Fourth Missouri, died at St. Joseph's hospital.

A Lucky Escape.

Kingston, Jamaica, Sept. 24.—Among the incidents at Barbados was the miraculous escape of Governor Hay and his son from a building which collapsed, burying them in the ruins. They escaped with insignificant bruises. The house was the governor's temporary residence while the government palace was being repaired.

Elevated to a Peer.

London, Sept. 24.—It is officially announced that the Hon. George N. Curzon, until recently parliamentary secretary for the foreign office, who is to succeed the Earl of Elgin as viceroy of India, has been elevated to the peerage as Baron Curzon of Kedleston.

GARCIA AT SANTIAGO.

Cuban General Gets Over His Spunky Spell.

RECEIVED BY AMERICANS.

An Immense Crowd Welcomes One of the Commanders of Insurgent Forces as He Proceeds to Lawton's Quarters.

Santiago de Cuba, Sept. 24.—To the residents of Santiago Thursday was the most important since the capitulation. It was the occasion of the first visit of General Calixto Garcia to Santiago since he left there in a bad temper on July 17.

At 9 a. m. General Wood, with a portion of General Lawton's staff and several American officers, met General Garcia outside the city limits and escorted him into town. Garcia was accompanied by his staff and by his son, Colonel Calixto Garcia, by many Cuban officers who have recently come to Santiago, and by two hundred Cuban cavalry.

The streets through which the party passed were thronged with cheering people, and it was estimated that 10,000 persons filled the plaza in front of the palace, where Garcia dismounted. He was met at the door by General Lawton, and an informal reception by the American officers was held in the audience room.

At night another reception was tendered General Garcia at the San Carlos club, which was filled with prominent Cubans, American officers and ladies.

The plaza was brilliantly lighted and decorated with flags, and music was furnished by the band of the Fifth infantry. The Americans wore dress uniforms, and General Garcia and his officers wore white uniforms and high boots.

In reply to a speech of welcome delivered by Senor Trujillo, editor of the Porvenir, General Garcia said:

After 30 years of a desperate, deadly struggle the Cuban people now celebrate the success of their efforts. It is a day for the remembrance of the names and deeds of those heroes who fought and died for the freedom of Cuba from the years 1898 to 1878, and for the remembrance of the heroes who fought in the war of 1898, which was called the "little war"—little only because of its short duration, but great on account of the principles defended and for the quality of the men who composed the army—and for the remembrance of those noble soldiers who fell in the struggle which began in 1895, over whose graves our latest tears have fallen.

People of Cuba, we owe a great debt to those heroes for their efforts in behalf of Cuban independence, efforts which would have been useless—no, not useless, for we would have triumphed—but not speedily effective if the American people, that colossal republic, with its famous fighters, great ships and dauntless army, had not sent its own sons to shed their blood with ours.

A grand nation it must be, when the sons of millionaires, who had nothing to gain in Cuba but a soldier's glory, should come here to die side by side with Cubans. To this great nation—to this noble country which has always fought for the rights of liberty—we owe the achievement of our independence and the consummation of our ideals. Our gratitude will long live for America.

General Garcia's speech, which was delivered with considerable expression, aroused much enthusiasm among the Cubans present.

General Garcia will remain in Santiago for several days as the guest of the Cubans of this city.

Porter's Suggestions.

Havana, Sept. 24.—Mr. Robert Porter was given a banquet by the leading club of Cienfuegos while in that city. Mr. Porter at the banquet made a speech, in the course of which he said that his mission to the island was purely that of studying the robes and resources of the country and the best means of developing the same and every branch of industry and commerce, and that he hoped he would find the Cubans ready to help him to succeed in his mission. He expressed himself as strongly in favor of the free importation of cattle, both for agriculture work and for consumption, and also for the free importation of all material and implements of agriculture and manufacture.

Early Reports Not Exaggerated.

Kingston, Jamaica, Sept. 24.—Mail advices which reached here brought relief to the suspense experienced regarding the full extent of the hurricane disaster at the islands of St. Vincent, St. Lucia and Barbados, showing that the first accounts were not exaggerated. At St. Vincent about 300 lives have been lost, not counting the loss of life suffered through the destruction of shipping. The coast is strewn with the wrecks of vessels, many of which were from Barbados. The storm raged from 10 a. m., September 11, until 2 p. m.

Washington, Sept. 24.—The commissioner of internal revenue has rendered a decision of section 29 of the war revenue act, imposing a tax upon legacies and distributive shares of personal property.

A FOUL ASSAULT.

Innocent Country Bride of a Few Hours Ravished by Twenty Men.

Hartford, Ky., Sept. 24.—Warrants are out for the arrest of 20 men residing in this county on the charge of detaining a woman. It has just leaked out that several weeks ago a dastardly assault was perpetrated on a bride of but a few hours. Joseph Jones and Susan V. Ezell, a poor country couple, were married here by the county judge. They boarded a train and rode as far as their funds would allow, intending to visit relatives. While waiting about the station at Render a gang of boys and men set upon them, drove the husband away, carried the bride to a secluded spot and ravished her. She is in a critical condition.

Threats of the outlaws prevented a disclosure of the foul crime until now. The girl's father will push the case to the end. Summary punishment may be meted out, as the whole county is aroused.

Russian Soldiers in China.

Vancouver, B. C., Sept. 24.—Advices from China by the Empress of India states that the miners are opposed to the Manchuria railway and are obstructing the Russians. They are all armed. The Russians have about 25,000 soldiers between New Chwang and Port Arthur. They have landed over 100 new big guns at Port Arthur and are building up forts very quickly. They have about 13 men-of-war between Port Arthur and Talien Wan. Considerable dissatisfaction is felt in Hongkong and elsewhere in consequence of the retention of Spanish duties at Manilla by American authorities.

Carpet Mills to Shut Down.

Philadelphia, Sept. 24.—At a meeting of ingrain carpet yarn spinners an absolute shut down of the mills represented was decided upon. This action is taken because of the over production of yarn. At the present time, owing to unusual conditions in the carpet business a large per cent of the ingrain looms are not running. While the looms have not been shutting down, the production of yarn has kept up, with the result that there has been overproduction and a consequent tendency of lower prices. The shut down will be indefinite.

She Was a Blockade Runner.

New York, Sept. 24.—The French steamer Olinde Rodriguez arrived from Charleston in charge of United States Marshal E. Brooks Sligh of the district of South Carolina. The Olinde Rodriguez was captured by the United States cruiser New Orleans while attempting to run into San Juan, during the blockade. The captured steamer was sent into Charleston under charge of a prize crew and turned over to the United States marshal. The steamer was finally ordered to New York and the case was transferred to this jurisdiction.

Anarchist Uprising.

Rio De Janeiro, Sept. 24.—Word has been received here of a serious anarchist disturbance in San Pablo. The anarchists made an attempt to stop a patriotic celebration by the Italian residents, and the police were compelled to charge upon them. Several anarchists were wounded by the police and one will probably die. Feeling against the Italians has grown very bitter since the affair occurred. The Italian consulate is being guarded.

Killed in An Explosion.

New York, Sept. 24.—An explosion in the Fleischmann distillery at Long Island City wrecked the building, and it is believed resulted in the death of Patrick McCaffrey, who is missing. Three other workmen in the distillery were seriously injured. Their names are James Moran, William Kronta and Daniel Ecoba. The explosion set fire to the ruins of the building and it was consumed. The loss on the distilling plant is about \$25,000.

Commuted to Life Imprisonment.

Dover, Del., Sept. 24.—Upon recommendation of the board of pardons, Governor Tunnell has commuted the sentence of death imposed upon William H. Fisher, a former negro preacher, to life imprisonment. Fisher was convicted for entering the home of Mrs. Maria Hunt, in Wilmington, at night, with intent to commit assault. Fisher was to have been hanged on Oct. 7.

Rich Haul By Burglars.

Wellsburg, W. Va., Sept. 24.—During the absence of the family burglars entered the residence of Samuel George, Sr., and secured diamonds and jewelry valued at \$2,000 belonging to Mrs. George. The lady is exceptionally unfortunate, having lost heavily by robbers last winter, when her jewel case was taken, and she only recently purchased the new jewelry taken.

Receiver Appointed.

Rochester, Sept. 24.—Joseph J. Mallery has been appointed receiver for the Rochester Exhibition company on application of two directors for a dissolution of the corporation. The liabilities amount to about \$23,910, and the nominal assets \$26,390.

SHOT THE WRONG MAN

Another Tragedy Added to the Dreyfus Plot.

MADAME PAULMIER'S CRIME

Wife of a Member of the Chamber of Deputies Seeks to Retain an Attack of a Paris Paper Upon Her Husband.

Paris, Sept. 24.—Madame Paulmier, wife of M. Charles Ernest Paulmier, member of the chamber of deputies, has added another tragedy to the Dreyfus plot.

Madame Paulmier entered the offices of La Lanterne and asked to see M. Millerand. M. Millerand was absent and M. Ollivier, who was present, stepped forward to receive the lady, who, without waiting for any explanation, whipped out a revolver and fired twice. M. Ollivier fell to the floor wounded. He was taken to the hospital.

Madame Paulmier was taken into custody, and when questioned coolly announced: "I wished to kill M. Millerand."

She explained that La Lanterne had slandered herself and her husband because her husband had written a letter to General Chanoiné, the minister of war, with reference to putting a stop to the attacks upon the army provoked by the Dreyfus affair.

The military authorities have accomplished their plan of stifling Col. Picquart by placing him in secret. Col. Picquart's friends have been denied admission to the prison.

His counsel, Maître Labori, has twice appeared at the office of the clerk of the court martial and applied for permission to see his client. On both occasions he was informed that Picquart had been placed in secret and could be seen only on an order from the authorities, which order M. Labori has been unable to secure.

Ambassador Fava at Rome.

Washington, Sept. 24.—Ambassador Fava of Italy is taking a long vacation at Rome, and is not expected back to his post here before next December. The presence of the ambassador at Rome also will give opportunity for personal conference on the Cerruti case, which recently promised a serious rupture between Italy and Colombia, and which, according to late advices, has led to a severance of diplomatic relations between the two countries.

Flag Day at Atlanta.

Atlanta, Sept. 24.—Flags were raised on all public schools here with ceremonies, which included speeches by prominent citizens and the singing of national airs by the children. The flag raising was in compliance with an order of the city council passed several months ago. Immediately after the banners were launched they were swung to halfmast in honor of Miss Winnie Davis, who was buried at Richmond.

Mrs. Stevens Elected.

Chicago, Sept. 24.—A telegram from Mrs. Clara C. Hoffman, in attendance at the Maine Woman's Christian Temperance union convention at Bangor, to the National Woman's Christian Temperance union officers announces the unanimous election of Mrs. William K. N. Stevens as president, and the solid indorsement by the convention of the action of the national executive meeting in July anent the temple.

No Prize Fighting in Kentucky.

Frankfort, Ky., Sept. 24.—Governor Bradley, upon receiving a telegram conveying the rumor that arrangements are being made to have the Corbett-McCoy fight in this state near Cincinnati, issued a proclamation warning all persons not to attend the same and directing the peace officers of the state to suppress the fight if attempted in Kentucky.

Struck on a Rock.

Victoria, B. C., Sept. 24.—Steamer Boscowitz of this port, bound for Naas and Skeena, ran on a rock Friday last off Kitkalah, Goshen island. All the passengers got off in an Indian canoe. Considerable freight was taken off. The steamer is likely to prove a total loss. Some of the passengers and crew have just arrived here.

MAJOR RUSSELL B. HARRISON, who has been inspecting army camps, has actually found one that is filthy. It is that of Colonel W. J. Bryan's regiment. If the Colonel's camp is filthy, isn't it rather singular that one hears little or nothing about any sickness in it?

COMING BACK.

Senator Lindsay and General Buckner Expected to Affiliate With Regular Democrats Hereafter.

FRANKFORT, Ky., September 22.—General Simon Bolivar Buckner, who spent yesterday in conference with Senator Lindsay, has returned to his home in Hart County. While General Buckner's visit is claimed to have been purely social and personal, it is known also that the political situation was discussed by the Senator and the late Vice Presidential nominee on the National Democratic ticket.

Though Senator Lindsay is close-mouthed on the subject, his friends say that he has practically discarded the National or Gold Democratic organization, and desires to get back into the fold of the regular organization. When asked several days ago if he would make speeches for Hobson in the Third Appellate district, Senator Lindsay told a friend that he is very much interested in Hobson's success, but that he hasn't yet been invited to appear on the stump as the exponent of Democracy.

General Buckner did not outline his future political course, but it is understood he also regards the Palmer and Buckner party as a dead organization politically.

These changes will be made on the resumption of navigation in the Pittsburg trade.

SAME AS BANK CHECK.

A Depositor's Receipt is Subject To the Special Revenue Tax.

WASHINGTON, Sept. 22.—The Commissioner of Internal Revenue has rendered a decision in which he holds that a depositor's receipt in the following words is subject to a stamp tax as a bank check: Received of the Lagrange Banking and Trust Company \$1 to be deducted from my deposit.

JOHN SMITH, JR.
 In the course of his decision the Commissioner says: "The war revenue act imposes a tax upon bank checks, drafts, certificates of deposit or orders for the payment of any sum of money, and thereby intends to include all legitimate ways in which money can be withdrawn from a commercial bank. The use of a receipt while not in terms forbidden is presumptively so, and any attempt to use a receipt in lieu of a check is a manifest attempt to evade the tax, which can only be prevented by taxing the receipt as a check. A receipt is not a negotiable instrument, and any attempt to treat it as such would result in difficulties to both the bank and the depositor."

CONTRACTS, deeds, mortgages, wills and other legal instruments carefully executed.

REGISTRATION.

Tuesday, October 4th, the Regular Day in Maysville.

The Law on the Subject Showing Who Are Entitled to Register—Other Information.

The annual registration takes place Tuesday, October 4th, the regular registration being confined to one day in Maysville. The places of registration will remain open from 6 o'clock in the morning until 9 o'clock at night, giving every one an opportunity to enroll his name.

Every one who desires to vote at the ensuing election or any special election during the next year will have to register on the day named.

The officers appointed for the November election will serve as officers of registration.

The following concerning "who shall register" will be of general interest:

Every native-born male citizen of the United States, who has resided in the State of Kentucky one year, in the county of Mason six months and in the precinct in which he expects to vote sixty days prior to the election may register. He need not live there sixty days, to register, but if, by election day, he will have lived there sixty days, and in the county six months and in the State one year, he may register and vote.

Naturalized citizens of the United States who produce to the officers of registration, if demanded, their naturalization papers, and who have the necessary qualifications as to residence, may register.

Section 1,478 determines the residence of a voter as follows: "That shall be deemed his residence where his habitation is, and to which, when absent, he has the intention of returning."

The place where the family of a married man resides shall generally be considered his residence, unless the family so resides for a temporary purpose. If his family is permanently in one place and he transacts his business in another, the former shall be his residence.

There are special registration days provided for persons who may be sick or "necessarily" absent from the city on October 4th.

IMPORTANT ELECTION.

It Will Be That of School Trustees in the Various Districts Next Saturday.

[Winchester Democrat.]

On the first day of October the various county districts will elect school trustees for the ensuing three years. Comparatively few people know of this election and fewer still care as to its results. No election is more important and few as much so. It makes comparatively little difference who collects the taxes, or who assesses them, but the selection of men who have charge of school affairs is of vital importance. The future of our nation depends on the school children of the present. "As is the teacher, so is the school," is an old adage, and as the trustee, so is the teacher, is equally true. Hence, it is of vital consequence that the right men are chosen as trustees. Men of honesty, who will not violate the trust reposed in them merely to give a sister or niece a paying position; men of firmness who will do their whole duty even if such one gets offended; men of intelligence who will know what to do and how to do it; but above all, men who believe in the common schools, and who believe there is nothing too costly that will add to their efficiency. These men can be found and they should be elected.

THE examining trial of Fannie Johnson and Mollie Smith, the two negro women charged with stealing dress goods from the Bee Hive, came off Friday afternoon in the Police Court. The goods stolen did not amount to enough to make it a case of grand larceny, and the warrant for this offense was dismissed. The Johnson woman was held over in the sum of \$50 on the charge of petit larceny. The evidence was not sufficient to make out a case against the Smith women and she was discharged.

SOCIETY circles of Covington were shocked Thursday when the fact was made public that Mrs. Emily Buford Bristow had filed suit for divorce against her husband, Prof. Frank L. Bristow, teacher of music in the public schools of that city. Mrs. Bristow is said to be one of the most charming ladies in that city, endowed with intellectual attainments far above the average. Prior to her marriage with Prof. Bristow she was the widow of Vincent Shinkle. She charges the defendant with cruel and inhuman treatment toward her, and with falsely accusing her of unchastity.

Black Goods Bargains.

CREPONS have all seasons for their own. These billowy blacks in their hundred variations are so intrenched in popular favor they're leaders among the autumn stuffs. But despite that fact we've clipped the prices of the Crepons now here until Dress Goods elegance was never so easily bought. Comparative prices follow:

75 French All Wool Crepon,	50
\$1 00 Mohair Stripe Crepons,	75
1 35 Mohair Figured Crepons,	\$1 00
1 50 Mohair Blister Crepons,	1 25
1 75 Silk Etamine Crepons,	1 50
2 25 Mourning Wear Crepons,	1 75

THINK of such a collection of a single fabric. Think of the broad smile of fashion's favor that inspired such gathering. Think of the completeness of our stock when just one dress goods idea is so widespread.

The Grand Jury at Frankfort Charges Seventy-Four of the Big Insurance Companies With Conspiracy.

FRANKFORT, Ky., Sept. 23.—In the Franklin Circuit Court to-day the grand jury returned indictments against seventy-four leading fire insurance companies reporting to the Kentucky Insurance Bureau and doing business in this State. The indictments charge that the said companies have conspired by intimidation and other methods to fix and control rates of insurance in the city of Frankfort and the State of Kentucky.

The officers, executive committee and the commissioners of the Kentucky and Tennessee Board of Fire Underwriters are included in the indictments as parties to the conspiracy.

Robert B. Franklin, the Commonwealth's Attorney for this district, brought the matter to the attention of the grand jury.

FARMERS MUTUAL.

A Home Company Carrying Nearly \$1,000,000 Insurance in This County—Big Saving For Farmers.

The Farmers' Home Mutual Aid Association of Mason County is now carrying nearly \$1,000,000 insurance. The exact amount was \$880,757 on September 19th, as reported by Mr. James B. Key, the Secretary. This is an increase of \$20,025 since July 6th. These risks are on farm residences, barns and other buildings, exclusively, as the association takes no risks on town or city property.

The association has the county divided into thirteen districts, and has a solicitor in each of them. The following shows the amount of insurance in force in each district on September 19th:

Dover.....	\$ 45,310
Mayslick.....	146,930
Murphysville.....	85,486
Orangeburg.....	83,948
Sardis.....	45,681
Lewisburg.....	109,735
Washington.....	85,865
Minerva.....	21,246
Helena.....	82,200
Maysville No. 1.....	93,534
Maysville No. 2.....	61,434
Fern Leaf.....	49,255
Germantown.....	20,133
Total.....	\$880,757

The farmers who are members of the association secure their insurance at very little cost compared with what it would require to carry the insurance in any of the regular companies.

It is claimed that, with our present fine protection against fire, the property-owners of Maysville could effect a big saving by organizing a co-operative association similar to the Farmers Mutual and insuring their own property.

"OLD JOE WHEELER."

Old Joe Wheeler.
Solid at his post,
Not a thing to kick about,
Nobility to roost,
Never writes a letter,
Full of gall and spite;
Old Joe Wheeler,
He's all right.

Old Joe Wheeler.
Flat upon his back,
Got the boys to carry him,
Marshalling the attack,
Doctors couldn't handle him,
Off he went to fight,
Old Joe Wheeler,
He's all right.

Weary was the army,
Spaniards hard to beat,
Some one passed the word along,
"Boys, we must retreat,"
"Hang it, no," says Ancient Joe,
"Never take to flight,"
Old Joe Wheeler,
He's all right.

After Santiago fell,
Fighting men got sick;
Generals and Colonels
All began to kick.
"Hang it all," thought General Joe,
"This disgusts me quite,"
Old Joe Wheeler,
He's all right.

Teddy wrote an angry note,
Stirring Alger's bile,
Ripped the powers up the back,
In a rough-shod style,
Not a word old Joe let drop
At this woful sight,
Old Joe Wheeler,
He's all right.

Never mad, never buffed,
Never riled and sore,
Steady old reliable,
Fights, and nothing more,
Don't forget him, Uncle Sam,
(Some folks think you might.)
Old Joe Wheeler,
He's all right. —Pittsburg Leader.

CUSTER'S LAST CHARGE.

Col. Cody's Masterly Reproduction of the
Battle on the Little Big Horn.

In addition to its many other entirely original and remarkable features, on Thursday, October 13th, Buffalo Bill's Wild West and Congress of Rough Riders of the World will present here, for the first time, an immense, magnificent and realistic spectacular and tableau reproduction of Custer's last and dreadfully fatal battle on the Little Big Horn. In this stupendous and life-like revival of the heroic and harrowing incidents of the most calamitous event in all the sanguinary records of border warfare some eight hundred soldiers, scouts, plainsmen, genuine Sioux warriors and horses are introduced, some of the savage participants having actually been present at the Custer massacre, and the horses being taught to most realistically simulate death on the battlefield. The opening scene reveals an Indian village with its inhabitants wildly celebrating a recent victory. While they are thus engaged a scout takes in the situation without being discovered and reports to Gen. Custer, who instantly and furiously charges with his battalion upon the red devils. Terribly mistaken as to the number of the foe, his command is enveloped in an overwhelming horde of savages, and after a desperate but hopeless struggle annihilated, the closing tableau representing his death on an eminence, to which he and the remnant of his command are driven. Col. Cody, with reinforcements arrives on the field of massacre and desolation too late to be of service. The opportunities afforded for heroic action and all the electrifying displays of mounted combat are fully utilized, and the result is beyond description.

Nowadays when women are trying to do everything it is not strange that many things are overdone. It is not strange that there are all kinds of physical and mental disturbances. If the woman who is a doctor, or a lawyer, or a journalist, or in business would not try to be a society woman too it might be different; but the woman who knows when she has done a day's work has yet to be born. Usually a woman's way is to keep doing until she drops. Working in this way has manifold evils. The most common trouble resulting from over-exertion, either mentally or physically, is constipation of the bowels, with all its attendant horrors.

Dr. Pierce's Pleasant Pellets are the most effectual remedy in the market. They work upon the system easily, naturally. There is no unpleasant nausea after taking them. No griping—no pain—no discomfort. They are composed of materials that go through the system gradually, collecting all impurities and, like the good little servants that they are, disposing of them effectually.

Made at Quay's Request.
Washington, Sept. 24.—The postal officials have directed one of their representatives to conduct an inquiry into the charges made recently in a political speech that Senator Quay had sold postoffices in Lehigh county, Pa. Second Assistant Postmaster General Shallenberger says the official records show no evidence of irregularity in the appointment of postmasters in the county referred to. The inquiry is made at the request of Senator Quay.

Miners Suspend Work.
Bridgeport, O., Sept. 24.—Twelve hundred miners employed in the Dillonvale and Long Run mines suspended work. The step was taken as a result of the operators refusing to concede the most important part of the demands of the miners made at a conference. The operators have asked for another conference, and it is thought the trouble may be settled shortly.

Exodus of Ambassadors.
Washington, Sept. 24.—With the departure of M. Cambon, the ambassadors of France, Germany and Italy will be abroad, leaving only Great Britain and Russia with their ambassadors in Washington. This exodus toward Europe at the time of the meeting of the peace commission at Paris has given rise to reports that there was some significance in the trips.

THE EXCELLENCE OF SYRUP OF FIGS

is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. For the Farmer.

The demand among the farmers for all grades of cattle is more active now than for several years. There has been a constant demand for first-class cattle, but not until recently have scrubs and mountain cattle been wanted at any price. The abundant yield of feed of all kinds has made the cattle market active. They are selling for nearly or quite as much as at this time last year, but farmers with whom we have talked say there is much more profit in cattle now than in any other branch of stock raising.—Harrodsburg Democrat.

The free admission of West Indian tobacco in the United States will have no effect on the Kentucky product. The tobacco grown on those islands is not fit for plug purposes, being used only in cigars. Instead of an injury to us, in time, when the natives of those countries learn to chew and smoke our tobacco, the demand will increase. The West Indian tobacco does not in any sense come in competition with us.—The Weed.

A Kansas hog raiser, in giving his experience in feeding hogs, says that five acres of sweet potatoes will fatten more hogs than twenty-five acres of corn. He had sixty hogs that would yield him 18,000 pounds of pork, and he estimates the cost of their feed at not more than \$26 in actual cash for labor and other expenses in his potato field. He also claims that this food imparts a flavor to the meat that far surpasses that of corn for the animals.

AMERICAN BANKS

Lend Lots of Money In Europe When It Is Convenient.

New York, Sept. 24.—R. G. Dun & Company's weekly review of trade says: "Europe will have to consider possible American demands for money much more anxiously in the future."

Doubtless there has been for many years a feeling that the new continent could be put off with promises. But the control of this country over money markets in the old world is coming to be that of a master. Our banks lend over there heavily when it is the most convenient market for them, but they draw on Europe whenever they want money and no longer have occasion to limit their drafts.

This country is not drawing on Europe as largely to pay for breadstuffs as it did a year ago, and yet wheat exports for the week, flour included, have been 3,963,204 bushels from Atlantic ports, against 3,677,868 last year, and 543,417 from Pacific ports, against 1,094,893 last year; making for three weeks 10,203,941 from both coasts, flour included, against 15,569,129 last year. Prices have risen sharply, about four cents for the week, and the exports of corn, though not as large as last year, have been heavy.

Failures for the week have been 173 in the United States, against 209 last year, and 16 in Canada, against 28 last year.

No One Had Seen Her.

Bridgeport, Conn., Sept. 24.—Detective Cronin returned to headquarters from Stratford, where he had been making a thorough canvass with a view to finding persons who had seen Miss Gill in that place. He had with him a shirt waist collar, which had been worn by Miss Gill, and also her photograph, but failed to find anyone who had seen the woman to recall it.

Germany's Trade Increasing.

Washington, Sept. 24.—Reports to the state department from United States representatives at Eisenstock and Chemnitz show that Germany's export trade has been continually increasing for the last five years, although that of France and England has been diminishing.
